

CSS Event Brief

- **Event name:** Animations and Transitions with CSS
- **Event type:** Interactive Workshop + Q&A
- **Date:** *TBC*
- **Time and duration:** *TBC*
- **Target Audience:** Intro and Immersion Full Stack Web Development Program students + Frontend Development for Designers students
- **Participant number:** unlimited
- **Learning Objectives:**
By the end of this event, students will be able to:
 - Locate relevant SVG file(s) and add to page
 - Animate UI elements using CSS
 - Code screen transitions using CSS
 - Validate CSS code using industry standard tools
- **Tools:** *TBC*
- **Description:** During this live workshop, students will have the opportunity to follow along with an instructor as they use CSS to add transitions and animations to their webpage.
- **Prerequisites:** *TBC*

Facilitator Responsibilities

You will be responsible for preparing an interactive workshop that walks students through the process of locating SVG files and using CSS to implement transitions and animations to their web pages. You can be as creative as you like when designing the workshop, being sure to address common areas where students tend to struggle.

Students who are interested should be able to follow along on their own computers during the workshop. You will be responsible for creating and sharing the file(s) necessary to enable students to follow along.

During the workshop, you will also be responsible for demonstrating to students how to check and validate their code to ensure it functions as intended.

At the end of the workshop, you will be available to answer student questions during the Q&A portion of the event (15-20 minutes).

CF Responsibilities

We will invite students to the event and manage the set up of the event on our hosting platform. Depending on your preference, we can be available during the event to manage the chat, field and select questions during the Q&A segment and share any relevant handouts and resources.

You will also be provided with a template for formatting any slides or resources you will create.

Tools and Platform

The hosting platform for the event is not yet confirmed. If you have one in mind that you believe will be effective and engaging for the event please let us know!

Additional Information

The event will be recorded and may, together with any additional handouts or resources created for the event, be used within CareerFoundry as a resource for students and other instructors.

Milestones and Payment Plan

Milestone	Action/Deliverables	Deadline	Estimated Hours	Payment
1	<ul style="list-style-type: none">Attend initial planning/brainstorm meeting	<i>1 month before event</i>	,5	50 euros / hour
2	<ul style="list-style-type: none">Final Workshop OutlineDetermine necessary tools and prerequisites	<i>2 weeks after initial meeting</i>	8	
3	<ul style="list-style-type: none">Prepare workshop content and interactive elementsPrepare handouts and additional resources	<i>2 weeks before event</i>		
4	<ul style="list-style-type: none">Respond to feedback and iterate as necessary	<i>1 week before event</i>
